

# PRAYER NIGHTS

## PRAYER NIGHTS OVERVIEW

We are so excited to be partnering with churches across Canada to catalyze a movement of Prayer Nights, gathering with and for the next generation to seek God together and contend for an outpouring of the Holy Spirit.

### **Thank you for your willingness to host a Prayer Night in your city!**

Your excitement fills the team at Alpha Canada with joy and hope as we believe and pray for a powerful move of God in our country. We want to support you as best as we can as you dream about what this Prayer Night will look like in your context.

## THE VISION

The vision is that the Prayer Nights would be unified; multi-church, multi-generational, and multi-denominational with a clear focus on prayer. We are not looking for hype, overproduction, or complicated setups, but rather a simple, authentic, and accessible expression of prayer and worship that can facilitate encounters with the Holy Spirit. Our team is praying for you and has put together resources to help you every step of the way.
